

Job Announcement: Program Manager

Are you passionate about mental health education and advocacy? At **NAMI Washington**, our vision is a world where all those impacted by mental health conditions know they are not alone, and are empowered to live their most fulfilling life. We are the State office of the National Alliance on Mental Illness, working to provide support, education, and changes in policy at all levels to ensure better treatment, access, and a behavioral health system to meet the needs of all Washingtonian's whose lives are affected by mental illness.

WHO WE ARE

The National Alliance on Mental Illness (NAMI) is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. The NAMI organization operates at the national, state and local level. NAMI Washington was established in 1979 and provides educational resources and events, statewide outreach, advocacy and affiliate organizational support. Local NAMI affiliates in Washington offer free peer support, education and outreach programs, and engage mental health advocates in their communities.

POSITION SUMMARY

NAMI Washington is seeking an engaging and personable **Program Manager**. This position is responsible for development, coordination, staffing, and implementation of NAMI Signature Program trainings, Community Educational Forums, the Annual State Conference, and takes the lead on Membership Management and Community Engagement visibility events. We are excited to find the right person to help us build this expanded, new position.

YOU ARE A GREAT CANDIDATE FOR THIS POSITION IF . . .

- You already incorporate NAMI Washington's organizational values of respect, community, kindness, empowerment, and integrity into your everyday life and work that you do.
- You are comfortable speaking in front of groups of up to 100 people, picking up the phone and calling people you have never met, and interacting with people who might be experiencing mental health symptoms.
- You love coming up with plans and new ideas, and you have the commitment and follow-through to execute all the mundane details to make these plans come to life.
- You are extremely organized – even if you're not naturally detail-oriented – you have a system for keeping track of projects so that no detail gets forgotten and no deadline is missed.
- You are passionate about the way mental health intersects with other lived experiences and identities, and you bring an anti-bias and intersectional lens to the work that you do.
- You are able to find fun and humor in your daily work, and enjoy being part of a team that cares personally about each other.
